## **2<sup>nd</sup> international conference on Internet Science « Societies, governance and innovation »**

The 2<sup>nd</sup> international conference on Internet Science will be organised in Brussels from May 27 to 29, 2015, under the aegis of the European Commission, by the EINS project, the FP7 European Network of Excellence in Internet Science.

This three-day event will foster dialogue among scholars and practitioners belonging to a wealth of disciplines, constituting thus a not-to-miss milestone for the Internet Science domain.

### **May 27 - Open day**

A registration-free event open to anyone interested in the Internet Science topic. An opportunity for the EINS Network of Excellence to interact with external stakeholders, detail project methodological approach, and showcase its results to a wider community. This open day will be an occasion for new stakeholders to join the EINS affiliate programme (Internet Science community) and to discuss the Internet Science challenges of today and tomorrow.

### **May 28-29 - Scientific conference**

A scientific conference inviting researchers from various disciplines to present papers shedding light on Internet research, and in particular papers crossing rigid disciplines boundaries, describing original research and innovative ideas. Structured interactive sessions will be part of these two days.
